Hull insurance – your advantages

Reliable all-round protection against all risks

All risks to which the insured yacht is exposed during the term of the insurance are covered. Including damages resulting from theft, fire, acts of God, sinking, grounding, collision or piracy.

Reimbursement without deductions

We will agree a fixed insurance sum with you, which will be reimbursed in the event of total loss without any deduction for actual cash value, so that you are able to afford an equivalent vessel.

No deductible for you

No deductible will be charged in the event of total loss, burglary, transport damage, fire, lightning strike, damage to personal effects and many other events.

New for old

If your vessel is damaged and needs new parts for repairs, partial damage without deduction for actual cash value will be covered, up to the agreed insurance sum.

Salvage? No problem!

Unlimited costs are covered without deductible in the event of salvage or wreck removal.

Inspection costs included

If you have grounded your vessel, the necessary inspection costs are covered without excess, irrespective of whether any damage is established.

Accommodation and Return Journey Costs

Necessary accommodation and return journey costs for the Skipper, crew and guests, shall be reimbursed up to a sum of EUR 5,000, if the yacht is uninhabitable during a journey as the result of an insured event.

Construction and material errors

Consequential damages resulting from construction or material defects, as well as wear and tear resulting from normal use, are fully covered in the event of an insured peril. Only the damage to the directly affected part is excluded.

Transport and storage

Land and river transport of your yacht is covered, as are slipway and crane procedures, winter storage and shipyard and repair stays.

If a third party is guilty of damaging your vessel, but you cannot recover any costs, e.g. due to the other party's insolvency, our yacht liability conditions cover this.

Rescue system triggered? Don't worry!

If you accidentally trigger one of your rescue systems, e.g. EPIRB or DSC, the resulting search and assistance costs will be reimbursed.
